The season to plant and grow a garden has come. The Lord has prepared the soil to provide nutrients for the growth of His plants. Flowers and plants are beautifying homes, yards, offices, hospitals and other places. We have already begun to see how beautiful flowers and other plants. Eunice, my wife, grows vegetables this time of the year. Thus, she said, "It's time to grow and so must LEM." It will not be too long that we will see the harvest.

Friend, just as plants need nutrients to grow, develop and become precious to be adored, the season has come for LEM's Education Center to have a different outlook. As the petal and pistil of a flower draws attention to its beauty and also draws insects to feast on its pollen, so will doors and windows create beauty and attraction to the Education Center. Look what the Lord has done with your donations! LEM has plastered both the interior and exterior walls of the Center. LEM has built from foundation to this stage. Now, we need doors, door frames, windows frames and windows to make our building not only more attractive but accommodating for the new souls we hope to save.

April through June is our Doors and Windows Campaign. Cost: Door frame & door \$75; window frame and window \$85. During this campaign, I am asking you to please increase your gift to donate a door set and/or a window set. Help us reach the goal of opening the Center in September 2011. Yes! God can perform this through you. Believe it!

What's next? Glad you ask. As 80,000 refugees stormed the border of Ivory Coast and Liberia near the LEM orphanage center, LEM was moved with compassion to provide humanitarian assistance such as wheelchairs, rice and clothing. During our distributions, the Gospel was presented and 8 people trusted Jesus as their Savior. The people of Ivory Coast once hosted my family during the Liberian Civil War when my family exiled in that country. Visit the website to view the photos and read the stories. LEM praises the Lord!

You will read news about Evangelism Outreaches and the orphanage in our next newsletter.
