Dear Friends:

May 2011

The Hub Connection

Connected to a hub are the spokes, inner clutch, disk brake, rims, wheels, bearing balls, axles etc. These parts allow a bike to function. Without the hub, the rider will not be able to use the bike. We consider the Multi-Purpose Education Center as the hub, the central part of the Light Evangelism Ministry's functions in Liberia and Africa that will rotate and network the expansion of the Gospel. But if this hub is not equipped, how will it become the center of activity?

This is why LEM needs everyone's help in providing for the completion of this Center. Your support made a difference in providing funds for 8 door sets and 4 window sets. Stand with LEM to provide for the remaining 22 door sets and 66 window sets. Our Doors and Windows Campaign continues through the end of June. Cost: Door frame & door \$75; window frame and window \$85. Please give toward these items.

Jesus Film Ministry

The preaching of the Gospel is the key to LEM's activities. The Outreach Teams showed the Jesus Film and preached to over 600 people during March thru April. LEM rejoices that decisions for salvation were made.

Children's Bible Conference

During our April 14 conference, 500 children and nearly 200 adults attended. All were fed with the Word of God, fed with physical food and provided simple medications and clothing. Several children and adults accepted the Lord Jesus as Savior.

Wheelchair Distribution

Joy sometimes causes tears and ends with wonderful smiles of appreciation. This was the reactions of 30 people (and their families) to whom LEM provide wheelchairs. Hundreds of disabled people are still waiting.

Let us assume the kind spirit of the people in Genesis 35 and 36 who provided for the construction of the temple. Thank you for being willing to give.

You will read news about Evangelism Outreaches and the orphanage in our next newsletter.
